

FCB-Possession Game - with additional grid.

Area: 40x40 with a 10-yard grid in the middle. Count consecutive passes. A pass to a player positioned inside the 10-yard grid = 1 point. Variation: A pass to a player who makes a run into the 10-yard grid = 1 point. Coaching points: Keep the ball moving and find the right time to play into a target into the 10-yard grid. Be patient, don't force the ball into the middle.
