

### FCB-Finishing#3:

Two full-size goals with keepers. Red players with soccer balls next to the goal and yellow players with soccer balls next to their goal. Red player #1 dribbles the ball and takes a shot on the goal. As soon as the red player takes the shot, the yellow player #1 takes off and takes a shot. Red player #1 has to quickly transition and defend yellow player #1. So you, dribble, take a shot and immediately defend. This is a high paced game. Coach your players to transition quickly. Coach your players to take advantage of mental mistakes by the opponent.
