

FCB-Finishing #2

Organization: Two penalty boxes back to back. Two full-size goals plus keepers. You need a minimum of 14 players. Phase 1 - Players have to stay in their own 'half'. In your own half you look to maintain possession and set your teammates up for a shot. Goals from own half = 2 points. Goals from attacking half = 1 point. Rotate players every 2-3 minutes. Phase 2 - Player who passes into a target can join in attacking half. As soon as you lose possession you must drop back in your own half. Phase 3 - Player who passes into target must stay but a third player can join in attacking half. Phase 4 - The outside channels are in use. You can release a player into the outside channel for a cross. No defending yet in the outside channel. Phase 5 - Free game where any player can move anywhere. You can add the following conditions: Goal from own half = 2 points. Goal off a cross = 2 points. Touch restriction in own half, unlimited touch in outside channels and attacking half.
