## **Sports Performance Center – October 2018**

**Director: Fields Brown**

The Sports Performance Center is gearing up for the winter season by announcing its Winter Futsal Leagues. This year, the SPC will host two formats, a Friday Night Futsal League, and a traditional Saturday Afternoon League.

The Friday Night Futsal League is more for individuals, grouping by age and gender, looking to bring players in to play on a more “pick-up” type basis. The cost is \$50 per player and covers six weeks of play.

The Saturday League is for organized teams playing in a traditional league structure. We have dropped the cost of the League to \$400 per team which will also cover six weeks of matches.

Both the Friday and Saturday league formats will run over two winter seasons. Season 1 will run from November 9 through December 21. Season 2 will run from January 4 through February 15.
