U15-U19 Girls Academy Program

The fall season is officially underway! It is an exciting time for all soccer families - the start of the fall soccer season. We're starting to get into a rhythm with training and regular season games each weekend. As life happens, please remember to update TeamSnap. Coaches prepare their practice plans based off of the number of players they're expecting for training, so the more accurate that number is, the better.

Congratulations to the 05G Academy Black for finishing as Champions at Players Cup!

Good luck to all FC Boulder Academy teams in State Cup and President's Cup.
