- 1) Please list any relevant experience and/or employment with non-profit organizations, youth sports organizations or other experiences that may allow you to make a positive impact as a member of the FC Boulder Board of Directors.

I have coached youth sports for much of the past 30+ years, beginning in college and continuing with my own children until recently. I have coached locally through both Lafayette Rec and Trebol. Other experiences that I believe will help are in the business world, where I am an executive leading a team of 120 global consultants, dealing regularly with personnel, budgeting, pricing, sales, and customer situations with multi-million dollar ramifications.

- 2) What area(s) of expertise/contribution(s) do you feel can bring to the FC Boulder Board of Directors?

I know the game, and I know business. I believe that I can help our club to do market and budget analysis and to make marketing, pricing, budgeting, and other business decisions. I am also always happy to engage directly with potential sponsors, parks districts, etc., for the benefit of the club.

- 3) What is driving your interest to serve on the FC Boulder Board of Directors?

I would like to give something back to this club that is benefiting local kids and my son.

- 4) Do you have any other current volunteer commitments/board memberships? If yes, please list and include the time committed to the other obligation(s).

No. My main volunteer activity for the past 30 years has been coaching. I have not coached for the past 2 years, as my kids have either exceeded my experience level or stopped playing soccer.

- 5) Please add any additional comments in the space below: none. I've always been passionate soccer and fostering that love for the game. I would love to help serve FC Boulder in a way to continue that passion of the game and grow our community.

I love soccer. It's just about all that is ever on the television in our house. I have traveled to World Cups, Euros, etc., and seen games all over the world with friends and family. Advancing the cause of youth soccer with great coaching within a club framework that promotes responsibility and achievement for youth would be its own reward for me. If I can contribute to a club with aspirations to produce youth that can play in college and beyond, then I believe that the personal commitment to community and soccer that I demonstrated with coaching can have a multiplicative impact in Boulder and East Boulder County.
